Platform Height	1.3m
Overall Height	2.3m
Capacity	300kg
Wheels	4 x Swivel Castors with Brake, 125mm Diameter Wheels
Finish	Painted blue RAL 5010 standard; galvanized optional

This side access trailer platform step is designed specifically for safe and efficient access to side opening trailers. This model has a safety chain across the side opening. When side opening trailers need to be manually unloaded there is a potential unloading risk. This mobile platform with an easy step 45 degree slope is designed to alleviate the risks involved and allows users to descend facing forwards.

The mobile access platforms come with braked swivel wheels as standard. As standard the step access platform is painted - colour blue RAL 5010, or can be galvanized.

All other sizes can be custom made — please contact us with your requirement.
