This Grit Bin was designed specifically for the domestic market. It is ideal for those requiring a grit bin for pavement and driveway clearance. Comes complete with 1 x 25kg bag of white salt, a small hand scoop and a lock. The salt leaves no residue after the snow or ice has melted unlike brown salt. Manufactured in very durable recycled polymer as standard, these black grit bins are extremely tough and will not discolour or deteriorate through long term exposure to the elements. The hinged lid protects the grit or salt within.
