Specifications	
Overall Size	1000x800x910mm

This heavy duty drop bottom skip has a capacity of 2000kg. Drop bottom tipping skips are ideal for quick and safe handling of materials such as waste and scrap. Emptying the skips is easy and the mechanism is operated by a lever, simply pull the lever to open the single flap floor, this mechanism is operated by the driver from the safety of the seat. For ease of use there are forklift hoops on the top of the skip. All our containers are available in a wide range of RAL standard colours. The containers are guaranteed free from burrs, with chamfered and rounded corners to avoid injury during use.
