Specifications	
Size	1500x1000x910mm

This heavy duty drop bottom skip has a capacity of 2000kg. Drop bottom tipping skips are ideal for quick and and safe handling of materials such as waste and scrap. Emptying the skips is easy and the mechanism is operated by a lever, simply pull the lever to open the single flap floor, this mechanism is operated by the driver from the safety of the seat For ease of use there are forklift hoops on the top of the skip All our containers are available in a wide range of RAL standard colours. The containers are guaranteed free from burrs, with chamfered and rounded corners to avoid injury during use At Steps and Stillages we also have a complete range of accessories designed to integrate with our stillages. From card holders and identification plates to wheels and lids we have the ideal custom solution for your needs We have a few different sizes available, see which one fits best for your needs below Heavy Duty Drop Bottom Skip Stillage Dimensions in mm Z/COM/DB1/103/BU 1500x1000x910mm
