750mm

Product Overview

Z/STEP/3STEP/BUDGET/NARROW

Free Delivery

Load Capacity
300kg

Options

Rubber Wheels
Galvanized
Basket

Mobile Steps lead time is generally 7-10 Days. Whilst we stock the step components, the mobile steps are built to order. We would typically allow 3 days to build the steps, a day to paint them and then dispatch the ladders on a 3-day service.

Specifications	
Platform Height From Ground	750mm
Overall Width	540mm
Length	850mm
Overall Height	1750mm
Bottom Step Size	200mm x 460mm
Platform Size	400mm x 400mm
Step Tread Depth	200mm
Step Tread Vertical Spacing	250mm
Weight	26kg
Load Capacity	300kg

Our budget range of Narrow Aisle mobile steps is still just as heavy duty as our standard Narrow Aisle range. The structure is identical, we have simply removed a few features to lower the cost.

They are robustly made with a fully welded structure to take the daily abuse that a modern warehouse demands. They should not be used in open spaces as they are not as stable if the operative is leaning out. The narrow aisle mobile steps have tapering sides so the user is forced to stand over the centre line improving stability.

Our standard range sports 2 fixed castors at the rear end and 2 swivel castors at the front. The mobile ladder is fitted as standard with our industrial hi-grip steps, providing enhanced grip and stability, also a 100mm kick-plate and safety operating sticker.

Mobile steps are painted as standard using a one coat primer/finish - Zinfos 700CT, or can be galvanized.
