Increase productivity by carrying double the volume, 300Kg load capacity (tested in upright position), 500kg load capacity (tested in four-wheel mode). Puncture-proof tyres as standard! High quality castors as standard rear castors also available with brakes. This heavy duty aluminium Alutrack sack truck has 1300mm deck space, puncture proof wheels on a single-piece steel hub. 3-Way convertible; ideal for use in shops, warehouses or deliveries where they can be suitable for undertaking numerous jobs. This lightweight Three-Way Truck has a maximum load capacity of 500kg (in flat bed position), and can be quickly and easily converted from a standard sack truck into a four wheel sack truck, or a platform truck.
