| **Opening** | Velcro or zipped, or drape-over |

At Steps and Stillages we supply a range of roll cage covers which will protect goods held in any of our cages from the elements. We offer covers for both demountable and nestable roll pallet ranges.

We can supply budget, medium and heavy duty, as well as insulated covers designed to ensure your products arrive in the same condition as they left the factory gate. The HDPE covers can have a Velcro or zipped opening or can be simply draped over. With a Velcro opening flap on the short dimension, goods can be accessed whilst still protected from the elements.

Contact us so we can discuss your requirements.
